Well done to Simon Beck for getting a full-house with over 10 minutes to spare. But as the club champion must be a club member it is Rosie Wych who is the new club champion. Getting nearly all the controls include 2nd place Chris Phillip, Graham Hartley and Andy Rimes. Well done also to Evelyn Marnard who finished as top junior. It is good to see a mixture of age classes in the top positions - I hope that shows we got the scoring system right, such that all members had a chance of winning the competition.

Orchard Portman was in general use when I first joined QO, but has now become heavily overgrown and the runnable areas are quite limited. This means it is not really suitable for our regular Forest League. It is regularly used for JOG, and could possibly be used for a night event. But I wanted to find another use for it as it is so close to Taunton. By borrowing the Long-O score format I think we succeeded in fitting a proper race into a small area.

Obviously the event was affected by Charlie's accident. Many thanks to those who abandoned or interrupted their runs to help Charlie, including Brian Fletcher, Roger Craddock, Tony Hext, Alice Owen, Sarah Hasler and possibly others. Of course that was the right thing to do, but I appreciate your assistance. I am pleased to say that although Charlie was taken to hospital, he was discharged early evening and is much better.

Thanks also to Chris Hasler for controlling and generally assisting, Roger and Judy for organising registration, and all those who stepped in to help clear up while I was assisting Charlie. Outside the club we are grateful to the Forestry Commission for permission to use the land, to the informal mountain biker group who agreed to suspend their activities for the day, and to the owners of the Netherclay Saddlery who allowed us to use their hard standing area for car parking. And thanks to you for coming. I hope you all had a good day. Thanks for coming, see you again soon.

Richard Sansbury, planner and organiser
