12.	S. Holland	W40	IND	34.33
13.	A. Floyd & family	W21	QO	34.47
	***** Colour Standard *****			

Planners Comments

Kingscliff Wood is a favourite wood of mine and I was pleased to be able to plan the QOFL courses there. A drawback is that there is only one bridge crossing of the stream that runs through the wood. Thus we constructed two plank crossings to help get runners over the stream, but nevertheless I was slightly worried about the amount of rain that fell in the preceding week – would the planks be sufficient? As it turned out they seemed to be most secure and allowed us to get people to both sides of the valley. However the large amount of rain did mean that the area was very slippery throughout affecting the Green and Light Green courses particularly.

I was fortunate to have experienced QO help from Richard Went (co-planner), Bill Vigar (premarked maps), Bob Lloyd (organiser) and Judy Craddock (control-placing). To all of these people my thanks and also to the Team 2 helpers.

Finally it was pleasing that there were so many competitors (83 finishers) and also nice to hear many appreciative comments. It was especially encouraging that so many youngsters were taking part and their enthusiasm was good to see.

Tony Milroy

The next Quantock Forest League Event is at Lydeard Hill on 11<sup>th</sup> January. Starts from 12.30 – 2.30 (Registration opens 12.00). Details from Margaret Crockett (01458 445540). A reminder that the QO Galloper takes place on Sunday 8<sup>th</sup> December at Staple Common and Castle Neroche (GR 270157). Starts from 10.00 – 12.30.
