

## RESULTS for Score 2 at Staple Hill 28 June 2008

### Organiser/Planner comments

Thank you all for turning up and making it all worthwhile and to Bill Vigar and Lennox (my wife) thank you for helping. Once again the minimalist approach worked! The woods were a little challenging, the vegetation had grown very well this summer, but there were nice areas interspersed with challenges!!! I tried to put the controls in the best parts of the wood and keep the optimum route away from the opens as much as possible. Richard did very well, particularly as my original map reference on the web site had sent him (and others) to the southern end of the forest, a cycle ride of an extra 4 miles!! My congratulations also go to Adam Potter, the only individual scoring junior, who amassed a very good total of 290.

I hope to see you all again in next years summer score series.
